

Expression of Interest (EOI) for Perth Big Data Week 2017 events

Perth Big Data Week 2017 (BDW17) will be running from **8th to 12th May 2017**. The BDW Organising Committee invites anyone interested in Big Data, or just Data in general, to deliver an event during this week. You can check out the very cool events we had for this year by visiting <http://bdwperth.com/>

For 2017 we are also encouraging schools to get involved in BDW17, whether it's through a display in the school library, or as complex as a whole-school big data fair. We are encouraging fun events based on the school's digital technologies curriculum.

If you are keen on running an event for 2017 then we would love to hear from you. Please email the information below to: bigdataweekperth@pawsey.org.au by **Friday 4th November 2016** to register your interest.

- Organisation** - *Tell us who you are and a bit about your organisation*
- Type of event** - *What type of event are you thinking of running? (e.g. workshop, breakfast, seminar, sundowner, general networking etc.)*
- Target audience** - *What audience do you wish to attract for your event? (e.g. researchers, general public, students etc.)*
- Free or paid event**
- Draft working title** - *Provide a catchy and relevant title for the event*
- Contact details** - *Who is the best person to liaise with and what are their contact details?*

If you wish to know more about BDW17 you can call Luke on 6304 6070 or send an email to bigdataweekperth@pawsey.org.au

We look forward to hearing about your event!

Regards,

Luke Edwards
(on behalf of Perth Big Data Week 2017 Organising Committee)
